Amphenol Sine Systems Corporation

Release Date: October 19, 2026

Seeking: Program Manager

Job Type: Full-time, In-office

Location: Clinton Township, MI USA

Industry: Industrial, Electrical Connectors, Cable Assemblies

Job Description
We are searching for an experienced Program Manager to join our team and continue our tradition of success. The candidate will have a sharp business mind and a proven ability to strategize and implement program initiatives, as well as a strong talent for project coordination and delegation. Ultimately, you are motivated by the desire to optimize productivity and nurture program success from inception to completion.

The Ideal Candidate Will Have the Following
- Highly analytical and organized
- Excellent teambuilder
- Great negotiator and influencer
- Creative problem solver
- Program documentation
- Aligning or realigning deliverables with program outcomes
- Able to see the bigger picture and sell their vision

Position Requirements
- Work closely with cross-functional teams and managers to plan and develop scope, deliverables, required resources, work plan, budget, and timing for new initiatives
- Manage program(s) for optimal return-on-investment, and coordinate cross-project initiatives
- Identify key requirements needed from cross-functional teams and external vendors
- Develop and manage budget for projects and be accountable for delivering against established business goals/objectives
- Work with other program managers to identify risks and opportunities across multiple projects within the department
- Analyze, evaluate, and overcome program risks, and produce program reports for management and stakeholders

Desired Skills & Experience
- Bachelor's degree in business administration or related field
- 3+ years in an advanced management role (preference given to those with program management experience)
- Exceptional leadership, time management, facilitation, and organizational skills
- Working knowledge of digital marketing
- Advanced or Level 3 Excel capability
